LIGHTNING KILLS HIGH PRICED JENNETH

Lady Limestone Struck Down on
Farm of I. S. Tevis—M. B. Crowe
Stunned In Storm Thursday

Lightning has been playing havoc in this part of the state in the heavy storms which have been raging almost daily for the past week or so.

One of the severest losses is a result of storms was the killing of the celebrated jennet Lady Limestone, on the farm of her owner, Shelly Tevis in the Shelby City neighborhood Thursday. The jennet was said to have been the highest priced animal of her kind ever sold in Kentucky. Mr. Tevis buying her a few years ago for the reported sum of \$1,200. She had recently foaled a very handsome jock colt, which promises to be a world beater. The colt was standing by her side but was uninjured.

Mr. B. H. Crowe, also of the Shelby City section, received a severe shock from lightning, Thursday afternoon as he drove from Danville to his home. He was just outside the confines of Shelby City, when the storm came up. A flash of lightning struck a large elm tree on the side of the road, in front of the home of Mrs. F. T. Burke. The horse he was driving was knocked to its knees, and Mr. Crowe was thrown out of the seat of the buggy and into the bed. He was badly stunned, but soon recovered himself, and was able to drive home. He felt the effects of the shock very severely that day, but was much better Friday.

Lightning struck a tree on the place of Mr. B. H. Crowe and killed three lambs Thursday. Several farm workmen were standing in the door of a barn, while the storm was in progress, and saw the lambs killed.

Grinstead, of the M. E. Church, South. The bride is a daughter of Mr. R. E. Johnson, of East London, and is one of London's prettiest young ladies, possessing a charm of manner which has endeared her to a large and ever-increasing circle of friends. Mr. Bibb is a splendid young man, who came here from Stanford some months ago to accept a position as head clerk in the Louisville Store. He is one of the best retail clerks in London, and has many friends here. The happy young couple are making their home temporarily with the bride's parents. They have the best wishes of all for a long and happy life.

REPUBLICAN PAPER

May Be Started in Old I. J. Building
Above Bank.

The building above the Lincoln County National Bank, which was occupied for so many years by the Interior Journal, was sold at public auction Monday to A. B. Florence, acting, it is reported for a number of republicans, who it is rumored plan starting a republican paper here, for campaign purposes this fall. The figure of which the building was knocked down was \$1,200. The building has been owned by Col. W. P. Walton of Louisville for years. It is noted that several prominent republicans are soliciting stock subscriptions for the paper.

There have been several papers of this kind started within the past half century and the I. J. has lived to see them all dead and decently buried, and it will probably print the obituary of any other that may be started here.

The Knights of Pythias were the contending bidders for the big lot which would make an ideal club room or addition to their lodge rooms but the figure went a little high to suit them it is said.

Considerable opposition will be found to the operation of another printing office, it is said, on the part of the officials of the Lincoln County National Bank, who suffered in patience for many years while the I. J.'s engines were bumping and pounding above, but who will not be inclined, it is believed, to view with such comunity the operation again of such a nuisance over them.

CENTRAL KENTUCKY MERCHANTS ORGANIZE

Delightful Day Spent at Graham
Springs, Harrodsburg—Must
Organize Here.

Messrs. William Severance, J. F. Cummings, Cyrus Gover, G. L. Penny, W. L. McCarty, H. R. Saufley and Shelton Smiley represented Stanford at a meeting of over a hundred of the retail merchants of central Kentucky at Harrodsburg Tuesday, when the Central Kentucky Retail Merchants' Association was organized. A delightful day was spent at Graham Springs.

The following towns were represented: Shelbyville, Lawrenceburg, Versailles, Eminence, Danville, Stanford, Lancaster, Lebanon, Paris, Springfield, Georgetown, Carrollton, Owenton, Pleasureville, New Castle, Salvin, Burgin and Atoka.

The purpose of the convention was the organization of the Central Kentucky Retail Merchant's Association, the call having been made by the retailers of Harrodsburg. The visiting merchants were entertained at luncheon at the Graham Springs Hotel, and after lunch the convention was called to order in the hotel park by Wissman, of Danville, was elected temporary chairman, and William Severance, of Stanford, temporary secretary. Col. Ben Lee Hardin welcomed the visitors.

Several inspiring addresses were made, the tenor of which was the necessity of the local merchants standing together and organizing for the betterment and improvement of home town conditions.

It is proposed to organize associations or commercial clubs in each city which is affiliating with this progressive movement. The merchants and business men of Stanford will probably be called together at an early date by Mr. Severance who is the vice president for Lincoln county of the association, and steps taken at once, to put a live organization to work here.

LONDON POSTMASTER

Has No Connection With Newspaper
There—Citizens Defend Him.

London, Ky., July 11.—Lee B. McMillan, who was desposed as postmaster at London, because of an editorial in the Mountain Echo, criticizing the manner in which President Taft's nomination was secured, disclaims any connection with the Mountain Echo since September 1910 and has proof in the form of affidavits by J. W. Stevenson, editor of that paper, George Gildes, printer, and Don C. Edwards. About 100 citizens of London telegraphed to President Taft a petition that the order removing Mr. McMillan be reconsidered. The affidavits will be forwarded.

The petition was as follows:

"We, the undersigned citizens of London, Ky., most respectfully request you to reconsider the order removing Lee B. McMillan as postmaster of this city. We feel that you have been misinformed in this matter and a great injustice will be done a splendid official and a worthy citizen if this order is not reconsidered. We request that he be given an opportunity to be heard in these charges, and not arbitrarily dismissed.

The Knights of Pythias were the contending bidders for the big lot which would make an ideal club room or addition to their lodge rooms but the figure went a little high to suit them it is said.

Copies also were sent Senator Bradley and the Postmaster General.

The removal of Mr. McMillan was peremptory, on charges having been filed against him. His dismissal was briefly ordered in a letter.

The Advocate, which hasn't seemed to care how near the truth it came in its statements in the present congressional race, just so it could say something it figures might hurt Harvey Helm, said Tuesday that the Helm leaders are conceding Adair to Sullivan by a big majority. Nothing but the "shorter and uglier word" will properly apply to such a statement. The Helm leaders know that he will sweep Adair one end to the other, and are conceding Sullivan nothing except his own county, and he's going to have to step some to keep that. Mark this prediction.

The Danville Advocate complains that Congressman Helm did not get enough "Jobs" for the Eighth district out of the democratic congress. Well, as McIntyre has already gotten the Resident Secretaryship from Jere Sullivan what's he kicking about? He's got his. As we've remarked before, it looks like the biggest thing in this congressional race, according to the Advocate's point of view, is the jobs.

A writer in the Advocate, whose identity we strongly suspect, says he spent Tuesday in Harrodsburg and that Jere Sullivan will carry Mercer county by 600 majority over Harvey Helm. If Judge Sullivan gets as many as 600 votes in that county, or any other county in the district outside of his own, we will be greatly surprised.

McIntyre said in the Advocate that a vote for Sullivan was a vote for him, but as Judge Sullivan says he hasn't promised Mac that job, the good democrats of Boyle won't feel impelled to trade off Harvey Helm for any such clap trap.

Many people will try to hand you something but few want to hand you the best of it.

The Danville Advocate terms the citizens of Lincoln county its "greedy neighbors."

Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopeia and relies on an adaptation of the method of wild animals in curing themselves. . . . N. Y. World.

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first suggested the extended use of some of our native roots, such as Golden seal and Oregon grape root, mandrake and queen's root, black cherry bark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that nature has provided.

J. DONALD MATHERON of Ossining, N. Y., says: "I suffered for over five years with what doctors told me was a dilated condition of the stomach, associated with a catarrhal condition of the lungs and nervous heart. I had tried enough nux, bellinith, gentian, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of 'Golden Medical Discovery,' I gave it a fair trial. Took the 'Discovery' and had the 'Golden Pellets,' and can truthfully say I am feeling better now than I have in years. I sincerely give permission to print this testimony, and if any 'doubting Thomas' writes me I will 'put him wise' to the best all-around medicine in the country."

His Landlady's Advice

Probably Saved His Life

I feel that Dr. Kilmer's Swamp-Root saved my life. I inherited weak kidneys. The discharge was so frequent and painful that I would have to stay in bed to obtain temporary relief. I consulted good physicians but the results were disappointing. My landlady advised me to try Swamp-Root as the last resort, which I did and I was quickly relieved.

I continued taking Swamp-Root and my weight has increased fifty pounds. My health is of the best and I have told many others about Dr. Kilmer's Swamp-Root and have done a lot of good in this way. Your wonderful medicine is of great value to mankind.

Yours very truly,

**The Perfect Laxative
For Elderly People**

Age has its attractions, no less than
youth in a more serene and quiet life.
But it is this very life of rest without
activity that creates the trouble with
these disorders that arises from in-
activity. Chief of these are a chronic,
pernicious constipation.

Old people are troubled in
this way, with accompanying symptoms of
belching, drowsiness after eating,
headaches and general listlessness. Fre-
quently it is difficult to eat, even light food. Much mental trouble
ensues, as it is hard to find a suitable
remedy. First of all the advice may be
given that you should not drink
cathartics pills or powders, waters
or any of the more violent purgatives.
What they need are laxatives that
are not too active, tone up the system,
allowing it to take and yet acts without
strips.

The remedy that fits all these re-
quirements, and has in addition tonic
properties that strengthen the stomach,
liver and bowels, is Dr. Caldwell's Syrup
Papelin, which thousands of elderly peo-
ple swear by. It is a safe, reliable
remedy. Trustworthy people like E.
Tigrett, Oakwood Farm, Newbern, Tenn.,
and Mrs. Lizzie S. Brooks, Parke, Ky.,
swear by it at regular intervals.

For all who are well to always have
a bottle of it in the house. It is
good for all the family.

Any one wishing to make a trial of this
remedy before buying it in the regular
store, can do so by sending a sample
of a druggist's remnants or can
have a sample bottle sent to the home
free of charge by simply addressing Dr.
W. B. Caldwell, 405 Washington St.,
Monticello, Ill. Your name and address
on a postal card will do.
